RE: IMPORTANT MESSAGE FROM WASTE MANAGEMENT REGARDING YARD WASTE AND BULK ITEM COLLECTION

Dear Council:

As we navigate through the COVID-19 challenges, Waste Management is committed to updating our valued customers of any service changes. We continue to be focused on keeping our communities and our environment clean, healthy and safe.

Effective Monday, May 4, 2020, we will resume our regular schedule for the collection of all yard waste (grass clipping, brush, or tree limbs) and bulk items (furniture, carpet, mattresses, appliances) collected at the curb.

Please continue to focus on the following:

- All trash/refuse must be bagged & sealed, and wherever possible, placed in containers. **LOOSE TRASH WILL NOT BE COLLECTED**
- WM will continue to enforce bag and/or cart limits, as reflected in our current contract.

Waste Management appreciates your patience, cooperation, and understanding during this difficult time, and we thank you for your valued partnership.
