## Solid Waste & Recycling Collection Guide

## Dear Center Township Resident,

Waste Management is excited to continue trash and recycling services in 2021. We will continue to provide you with weekly trash service, along with every other week single-stream recycling collection services. Recycling benefits your community as it not only conserves natural resources, but it also helps reduce the amount of materials sent to the landfill. Plus, with single-stream recycling, all your recyclables go into one container – remember, no plastic bags. We look forward to helping your community be as clean – and green – as possible throughout 2021 and beyond.

### Collection Times:

Your collection day will remain the same in 2021. All items must be placed at the curb **no later than 6 a.m.** on the day of collection. After collection, any carts used for trash or recycling should be removed no later than the evening of your collection day.

### Missed Collections and Additional Information

Despite our best efforts, we occasionally miss scheduled collections. If we do, please call us at **(800) 866-4460** as soon as you can. Our representatives will work with you to ensure that your materials get picked up. You can also visit us at **www.wm.com** for live chat and email options.

### Inclement Weather

Severe winter weather can be a challenge to our daily operations. During periods of inclement weather, our team will be providing customers with real time service alert updates at **www.wm.com** – we recommend book marking this site for easy accessibility. When possible, we may also notify you by phone or email if your collection route is cancelled or will be delayed.

### Restricted Items:

The following items will not be collected as part of your regular waste and recycling collection:

- Construction/demolition materials
- Automotive parts
- Dirt, stone, concrete, rock
- Medical wastes
- Materials from fires or evictions
- Tires
- Antifreeze

Please visit the Pennsylvania Department of Environmental Protection's website at [www.dep.pa.gov](http://www.dep.pa.gov) to learn how to recycle or properly dispose of these items.

## 2021 Recycling Program Information

Waste Management is asking your community to help combat recycling contamination. For programs to be successful, all participants must make an effort to practice good recycling habits.

- No plastic bags of any kind will be accepted. Please place material loose in your recycling bin or cart.
- Make sure you are only recycling plastic bottles, jugs and jars. Any other plastic shape must go in the trash.
- **Glass is no longer accepted for curbside recycling** – talk to your municipality about local drop off programs.
- Containers that held food should be rinsed free of food debris and liquid.
- **Shredded paper is not accepted.**

Recycling will be collected every-other-week. Place only the acceptable recyclables shown below together in your recycling cart or bin.

**Please follow the Recycling Guidelines. BATTLE AGAINST CONTAMINATION:** Waste Management can leave contaminated recycling at the curb.
